

Rev. L

### **Features**

- Ultra High Efficiency (Up to 90%)
- High Power Factor (0.99 Typical)
- Constant Voltage Output
- Input Surge Protection: DM 4kV, CM 6kV
- All-Round Protection: OVP, OCP, SCP, OTP
- IP67
- SELV Output
- 5 Years Warranty

## **Description**

The *EUV-096SxxxSV* series is a 96W, constant-voltage LED driver that operates from 90-305 Vac input with excellent power factor. It is created for many lighting applications including architectural, decorative and signage, etc. The high efficiency of the driver and compact metal case enables them to run cooler, significantly improving reliability and extending product life. To ensure trouble-free operation, protection is provided against input surge, over current, output over voltage, short circuit, and over temperature.

## **Models**

| Output  | Input<br>Voltage | Output<br>Current | Max.<br>Output | Typical<br>Efficiency | - POWAR FACTOR |        | Model Number  |
|---------|------------------|-------------------|----------------|-----------------------|----------------|--------|---------------|
| Voltage | Range            | Range             | Power          | (1)                   | 120Vac         | 220Vac | (2)           |
